NOTE: No new material will be taught during the week of finals. Classes should review or provide study time for upcoming finals. The final is 20% of a student's semester grade.

The Live Remote Instruction schedule (M/W or T/R) will be **suspended** only during days where Finals are administered. Students must attend finals on the date and time period as stated on this schedule. Students will follow instructions from their teachers for attendance and completion requirements of the class final. Elected and required remote instruction students must follow the time periods established on this schedule.

In the event that the entire school transitions to remote instruction, finals will still be given during these time frames. Teachers will provide instructions on Google Classrooms about classes meeting on non-final days. Students should check in with teachers/Google Classroom regarding review for finals or assignments due to end the semester for each class according to the time period.

In the event that an individual student is required to transition to remote instruction, they will still be required to complete their finals. If a student is sick, they must notify the teacher to arrange makeup exam.
