

# **MODEL LABORATORY HIGH SCHOOL EXTRA-CURRICULAR ACTIVITY CONTRACT**

In keeping with the philosophy of Model Laboratory School to provide students with the opportunity to have experiences in all areas, we support and encourage extra-curricular activities. However, it is our belief that the development of self-control, a positive self-concept, and acceptable behavior must be an integral part of these activities and is a reasonable concern of educators, parents, and students. To achieve this goal, it is necessary to communicate and promote the understanding of the rights and responsibilities of all persons concerned. This contract will serve that purpose, and a signed contract will be a **REQUIREMENT**.

## **SCHOOL RESPONSIBILITIES**

1. To communicate the rules and regulations of the school.
2. To provide an environment that is structured and managed to promote health and safety.
3. To provide an environment that does not enable or condone illegal acts, including the use, or possession of alcohol/drugs/tobacco.
4. To promote the utilization of values and moral decision making.
5. To provide fair and equitable enforcement to these rules.
6. To inform parents and guardians of concerns about students and student behavior.
7. To take appropriate disciplinary action when students disobey school rules.

## **PARENT RESPONSIBILITIES**

1. To support the school program and faculty.
2. To be legally responsible for any violation of the child's responsibility.
3. To provide an environment, before and after, extra-curricular activities that promotes health safety, and responsible behavior of students including drug-free activities.
4. To assume the responsibility for transporting the child from an activity should it become necessary.

## **STUDENT RESPONSIBILITIES**

1. To obey school rules and regulations. (See Discipline Code)
2. To respect the authority of school personnel or representatives.
3. To refrain from conduct or behavior that disrupts, or has the potential to disrupt, school sponsored activities.
4. To respect the individual rights of fellow students, school representatives, and others.
5. To refrain from illegal acts or use of illegal substances including alcohol/drugs/tobacco.

IN ADDITION to possible actions outlined in the Discipline Code, failure of the student to meet his/her responsibility could result in the following consequences:

1. Immediate removal of the student from the extra-curricular activity.
2. Telephone call to parents or guardians to inform them of the student's behavior/whereabouts.
3. Appearance before the school discipline committee for possible action which may include suspension from ALL extra-curricular activities for a specified period of time and suspension or expulsion from school.
4. Placement of the student in the care of a law enforcement official should the situation warrant it or should the parent fail to remove the student.
