

NEWS RELEASE

RICHMOND, KY – The Model Lab Digital Literacy students completed both the MS Word 2016 and MS Power Point MOS Certification test. As of March 2019, 13 students have earned passing scores (700 or above) on one or both tests. Seven of these students scored in the 800-900 range. Dr. Paula Jones is an Assistant Professor at Model Lab School and serves as their instructor. These students are working to complete the MOS Certification test in Excel in May 2019.

Congratulations to:

- Derek Price
- Cailine Dineen
- Nicholas Ford
- Finley Gardner
- Sophia Hahn
- Alexandra Harrison
- Catherine Hodges
- Remi Masry
- Emma Obrien
- Hannah Richards
- Cole Taylor
- Morgan Foster
- Adam Durham

The *Microsoft Office Specialist (MOS) certification* provides industry-leading assessments of skills and knowledge, giving students and professionals real-world exercises to appraise their understanding of Microsoft Office. This national certification is a valued asset for students moving forward with college and career goals.

Digital Literacy and Workplace Applications is a course developed for 9-12th grade students at Model Lab. During this course, students use computer and application software to prepare documents and reports. The course is designed to provide students the opportunity to learn the Microsoft Office suite and to successfully complete their Microsoft Office certification in Word, Excel and PowerPoint.
